RIO LINDA / ELVERTA COMMUNITY WATER DISTRICT REGULAR MEETING OF THE BOARD OF DIRECTORS

January 22, 2024 (6:30 p.m.)

Visitors / Depot Center 6730 Front Street Rio Linda, CA 95673

Our Mission is to provide a safe and reliable water supply in a cost-effective manner.

AGENDA

The Board may discuss and take action on any item listed on this agenda, including items listed as information items. The Board may also listen to the other items that do not appear on this agenda, but the Board will not discuss or take action on those items, except for items determined by the Board pursuant to state law to be of an emergency or urgent nature requiring immediate action. The Board may address any item(s) in any order as approved by the Board.

The public will be given the opportunity to directly address the Board on each listed item during the Board's consideration of that item. Public comment on items within the jurisdiction of the Board is welcomed, subject to reasonable time limitations for each speaker. Public documents relating to any open session item listed on this agenda that are distributed to all or any majority of the members of the Board of Directors less than 72 hours before the meeting are available for public inspection at the District office at 730 L Street, Rio Linda, CA 95673. In compliance with the Americans with Disabilities Act, if you have a disability and need a disability-related modification or accommodation to participate in this meeting, please contact the District office at (916) 991-1000. Requests must be made as early as possible, and at least one full business day before the start of the meeting.

1. CALL TO ORDER, ROLL CALL, & PLEDGE OF ALLEGIANCE

2. PUBLIC COMMENT

Members of the public are invited to speak to the Board regarding items within the subject matter jurisdiction of the District that are not on the agenda or items on the consent agenda. Each speaker may address the Board once under Public Comment for a limit of 2 minutes. (Policy Manual § 2.01.160).

Consent Calendar Agenda Item: 3.3

Date: January 22, 2024

Subject: Financial Reports

Staff Contact: Timothy R. Shaw, General Manager

Recommended Committee Action:

The Executive Committee forwarded the Financial Report onto the January 22nd Board agenda.

Current Background and Justification:

(A) Yea (N) Nay (Ab) Abstain (Abs) Absent

The financial reports are for the District's balance sheet, profit and loss, and capital improvements year to date.

These financials are to be presented to the Board of Directors to inform them of the District's current financial condition.

Conclusion:

Board Action / Motion

I recommend the Board approve the Financial Reports for November 2023.

Motioned by:	Director	Seconded by Dir	ector		
Cline	Gifford	Green	Garrison	Young	

Rio Linda Elverta Community Water District Balance Sheet

As of November 30, 2023

Subject: General Manager Report

Staff Contact: Timothy R. Shaw, General Manager

For the given month, I participated in the following reoccurring meetings and special events. Time off over the holidays limited the number of meetings for this reporting period.

- 1. On January 10th, I participated in a meeting of the Water Forum. The meeting lasted more than 2 hours. There was considerable discussion on future funding and the differentiation between effort and results for improving the American River ecosystem health.
- 2. On January 10th (evening), The Contract District Engineer and I participated in the monthly meeting of the Executive Committee.

Throughout the reporting period, additional demands for resources were incurred from:

- Multiple requests for information from Sacramento County Planning regarding the District's capacity to support the County's affordable housing plans..
- Yet another unfunded mandate from the state.

Fuel prices seem to have leveled off. Inflation has begun to tick back up.

DISTRICT ENGINEER'S REPORT

To: Tim Shaw, General Manager, Rio Linda / Elverta Community Water District

From: Mike Vasquez, PE, PLS, Principal (VE), Contract District Engineer (RL/ECWD)

Subject: District Engineer's Report for the 22 January 2024 Board of Directors Meeting

The District Engineer is pleased to submit this brief update of duties and tasks performed for the period of 07 December 2023 to 17 January 2024:

1. General District Engineering:

- a. Water Use Efficiency Objective: Staff submitted an Interim Annual Water Use Report on 12/30/2023 as required by DWR by 1/1/2024. The report submitted was less complex than the regulations reflect. The simplification is due to the State's delay in finalizing water use efficiency objectives. As such, only approximately 10% of DWR's report template was completed and is relevant until the State finalizes the objectives on or about July 2024.
- b. Well 15 Hexavalent Chromium Treatment Project: Staff met with a treatment consultant on 12/13/2023 to discuss the feasibility of treating hexavalent chromium at the Well 15 site. This item will be further discussed under a separate agenda item at the 1/22/2024 Board Meeting.
- c. 2023/2024 FY Dry Creek Road Pipeline Replacement Project: Staff has been in communication with the construction contractor to verify the availability of pipeline materials for the project anticipated to commence in August 2024. Currently, pipeline materials are not impacted by supply chain issues. As previously stated to the Board, the next pipeline project will install approximately 500 feet of 8-inch diameter ductile iron water main and appurtenances on Dry Creek Road to the Q Street intersection.
- d. L Street Reservoirs Cathodic Protection: Staff is in communication with Two Brothers Cathodic Service, Inc. to confirm a bid provided to perform cathodic protection (CP) maintenance services for both tanks. Anticipated work includes maintenance of the CP system for the ground level tank and replacement of the CP system for the elevated tank since it is approximately 35 years old and has reached its normal life expectancy. Budgets for this anticipated work were included in the 2023/2024 Fiscal Year District Budget. It has been determined that the cellular company does not share any responsibility to maintain the elevated tank, therefore the District will be responsible for the cost of the proposed CP system replacement.

Please contact me at (530) 682-9597, or email at gmvasquez@vasquez-engineering.com with any questions or require additional information.

Respectfully,

Mike Vasquez, PE, PLS, Principal (VE), Contract District Engineer (RL/ECWD)

Items for Discussion and Action Agenda Item: 4.3

Date: January 22, 2024

Subject: Engagement of Design Engineer for Hexavalent Chromium Treatment

Staff Contact: Timothy R. Shaw, General Manager

Recommended Committee Action:

The Executive Committee discussed the method of engagement for design of the Hexavalent Chromium treatment system. The Committee forwarded the item onto the January 22nd Board agenda.

Current Background and Justification:

The California Public Contracts Code and generally accepted protocols for public agency contracting stipulate that Requests for Proposals for certain professional services be evaluated primarily on the basis of qualifications, i.e. the price is to be evaluated separately and only after the qualifications have been evaluated.

District Policy 3.08.600, section 5 describes "Special Circumstances" under which the Board may waive the competitive bidding requirements. One of the Special Circumstances stipulated is when the District reasonably believes that there is an "absence of any fiscal or competitive advantage" in conducting an RFP process.

The General Manager and the Contract District Engineer recommend that the Board find the Special Circumstances of District policy 3.08.600 applies to the engagement of an engineering firm for design of Hexavalent Chromium treatment facilities.

District policy 3.08.600 and California Public Contracts Code, section 10344 are documents associated with this item.

Conclusion:

Sample Motion - Move to find that the Special Circumstances section of policy 3.08.600 applies to the engagement of an engineering firm to design the Hexavalent Chromium treatment facilities.

Alternative Motion – Move to direct staff to draft a Request for Proposals for design of Hexavalent Chromium treatment facilities to be considered by the Board at a future Board meeting.

PUBLIC CONTRACT CODE - PCC

DIVISION 2. GENERAL PROVISIONS [1100 - 22355]

(Division 2 enacted by Stats. 1981, Ch. 306.)

PART 2. CONTRACTING BY STATE AGENCIES [10100 - 19150]

(Heading of Part 2 added by Stats. 1982, Ch. 1120, Sec. 6.)

CHAPTER 2. State Acquisition of Goods and Services [10290 - 10490]

(Heading of Chapter 2 amended by Stats. 2000, Ch. 776, Sec. 4.)

ARTICLE 4. Contracts for Services [10335 - 10381]

(Heading of Article 4 amended by Stats. 2000, Ch. 759, Sec. 1.)

10344.

(a) Contracts subject to the provisions of this article may be awarded under a procedure that makes use of a request for proposal. State agencies that use this procedure shall include in the request for proposal a clear, precise description of the work to be performed or services to be provided, a description of the format that proposals shall follow and the elements they shall contain, the standards the agency will use in evaluating proposals, the date on which proposals are due and the timetable the agency will follow in reviewing and evaluating them.

State agencies that use a procedure that makes use of a request for proposal shall evaluate proposals and award contracts in accordance with the provisions of subdivision (b) or (c). No proposals shall be considered that have not been received at the place, and prior to the closing time, stated in the request for proposal.

(b) State agencies that use the evaluation and selection procedure in this subdivision shall include in the request for proposal, in addition to the information required by subdivision (a), a requirement that bidders submit their proposals with the bid price and all cost information in a separate, sealed envelope.

Proposals shall be evaluated and the contract awarded in the following manner:

- (1) All proposals received shall be reviewed to determine those that meet the format requirements and the standards specified in the request for proposal.
- (2) The sealed envelopes containing the bid price and cost information for those proposals that meet the format requirements and standards shall then be publicly opened and read.
- (3) The contract shall be awarded to the lowest responsible bidder meeting the standards.
- (c) State agencies that use the evaluation and selection procedure in this subdivision shall include in the request for proposal, in addition to the information required by subdivision (a), a description of the methods that will be

used in evaluating and scoring the proposals. Any evaluation and scoring method shall ensure that substantial weight in relationship to all other criteria utilized shall be given to the contract price proposed by the bidder.

Proposals shall be evaluated and the contract awarded in the following manner:

- (1) All proposals shall be reviewed to determine which meet the format requirements specified in the request for proposal.
- (2) All proposals meeting the formal requirements shall then be submitted to an agency evaluation committee which shall evaluate and score the proposals using the methods specified in the request for proposal. All proposals and all evaluation and scoring sheets shall be available for public inspection at the conclusion of the committee scoring process.
- (3) The contract shall be awarded to the bidder whose proposal is given the highest score by the evaluation committee.
- (d) Nothing in this section shall require the awarding of the contract if no proposals are received containing bids offering a contract price that in the opinion of the state agency is a reasonable price.
- (e) (1) In addition to the information required by subdivision (a), a request for proposal for a contract that involves the furnishing of equipment, materials, or supplies shall contain the following statement:
- "It is unlawful for any person engaged in business within this state to sell or use any article or product as a "loss leader" as defined in Section 17030 of the Business and Professions Code."
- (2) On and after March 31, 2010, and until December 31, 2011, if a request for proposal does not contain the statement required by paragraph (1), the awarding agency shall report this error to the department within 30 days of the date the awarding agency discovers this error.
- (3) The department shall post in the State Contracting Manual instructions for including the statement required by paragraph (1) in all affected contracts.
- (4) The statement required by paragraph (1) shall be deemed to be part of a request for proposal even if the statement is inadvertently omitted from the request for proposal.

(Amended by Stats. 2009, Ch. 490, Sec. 5. (AB 926) Effective January 1, 2010.)

Item 4.3.2

Excerpt from RLECWD Policy Manual, Section 3.08.600 Exceptions to Standard Purchasing Procedures

Policy Manual - Revised 7-18-22

- F. The specific method and techniques to be employed by the consultant on the project or problem.
- G. Ability of the consultant to provide appropriate insurance in adequate amounts, including errors and omissions if applicable.
- H. Responsiveness to the RFP/RFQ.

The report to the Board shall summarize the basis for staff's consultant selection recommendation and the ranking of the consultants based upon these criteria.

3. Renewal of Contracts for Professional Services

The District may, after following required consultant selection procedures, enter into Professional Services agreements which contain provisions authorizing their extension or renewal. Recommendations to extend or renew an existing a Professional Services agreement should include a written evaluation of the work performed by the consultant as well as a determination that the rationale for providing for the renewal option in the existing contract remains valid and that the fees being charged are comparable to fees for similar services offered by other consultants at the time of renewal or extension. A contract renewal recommendation shall be entered on the contract amendment. If the total amount of the contract renewal does not exceed \$25,000, the Purchasing Agent or his/her authorized designee may execute a contract amendment to formalize the renewal. If the total amount of the original agreement and any amendments exceed \$25,000, prior Board approval must be obtained.

4. Conflict of Law

These procedures are not applicable where superseded by local, state or federal law, where the terms of grant funding provide for the use of other consultant selection procedures, or where the District is obligated to select consultants through the use of different procedures, such as the requirements of an insurance or self-insurance program.

5. Special Circumstances

These professional consultant selection procedures are not applicable when if it is appropriate and in the best interest of the District under the specific circumstances of the project at issue, to limit the number of consultants solicited. Examples of such specific circumstances may include the following: (a) the need to take immediate action on a project precludes the District's ability to follow these procedures; (b) the absence of any fiscal or competitive advantage in following these procedures; (c) only one consultant is known to be available and capable of providing needed services within the required time; (d) the services to be provided are so unique that only one known consultant is qualified and available to perform them; or (e) the terms of a legal mandate or negotiated agreement require the use of a particular consultant. The basis for such action shall be documented in writing and noted in the contract and approved by the Purchasing Agent or designee. When Board approval is required, the documented basis for such action shall be included in the report to the Board.

6. Prequalified Consultant File

District staff may maintain a current file of consultants in their appropriate professional services categories after the selection procedures have been followed in this policy and a determination made that a consultant is qualified and competent. District staff may maintain this "prequalified consultant" file for a period of two (2) years from determination of the qualification of such consultant. District may select a prequalified consultant from this file for services.

Items for Discussion and Action Agenda Item: 4.4

Date: January 22, 2024

Subject: Consider Authorizing Replacement of the District's File Server

Staff Contact: Timothy R. Shaw, General Manager

Recommended Committee Action:

The Executive Committee received an analysis of server replacement options from Adept Solutions at the 1-10-2024 meeting. The Committee forwarded the item to the January 22nd Board agenda.

Current Background and Justification:

The current fileserver was purchased in 2017. The original warranty has expired, and the unit is nearing the end of its extended warranty (Dell extends the warranty for a fee).

Adept Solutions was tasked with evaluating file server replacement options. Options evaluated included replacing the server with a cloud-based option, replacing the server with another on-premises server and a hybrid combination of on-premises and cloud-based options. Adept Solutions and staff recommend the hybrid option.

The Adept Solutions analysis includes pros and cons of each option. One of the limiting paths is the District's billing software, Continental Utility Systems Inc (CUSI), which accesses the water consumption data on the file server. The CUSI needs result in cost prohibitive charges to convert exclusively to a cloud server. Therefore, the recommended hybrid option replaces the 7-year-old onpremises server, updates server software, and expands the current use of Microsoft Office 365. The expansion of reliance on Office 365 is intended to increase protections against cybercrimes and in anticipation that a complete transition to a cloud-based server may be more feasible in 5 to 7 years when the on-premises server needs replaced again.

Funding currently exists to initiate the transition now. However, the Board would need to approve a budget revision because sufficient funding was not allocated to server replacement in the FY 2023/2024 budget adoption in September 2023. Baring major component failures, the server replacement can wait until the next budget adoption cycle in August 2024. NOTE: the quoted costs in the Adept Solutions analysis may increase if the Board decides to wait until the next fiscal year (August 2024).

In a related matter, the District needs to discuss existing policies mandating the use of District email domain for conducting District business. Mandating such is well-reasoned, but a Board Member's protracted refusal to use the District email domain results in monthly charges for a user who never uses the District's email domain, which is a waste of public resources.

Conclusion:

<u>Sample Motion</u> - Move to authorize replacing the District's file server via the hybrid option recommended by Adept Solutions, and further move to authorize a budget revision commensurate with the quoted costs.

<u>Alternative Motion</u> - Move to authorize replacing the District's fileserver via the hybrid option recommended by Adept Solution, and direct staff to include sufficient funding for server replacement when the FY 2024/2025 budget is drafted.

RLEC Water District

Hybrid (Quote 4)

Simple. Powerful. IT.

Prepared by: Geoff Granger December 7 2023

001901 Version 1

Email: geoff@adept-solutions.net

Web: www.adept-solutions.net

Overview

Rio Linda Elverta Community Water District requested a 4th option that may be more within budget. Following quote is a mixture of cloud and on-premise solutions. CUSI will remain hosted via an on-premise server. Server has been designed to only host SQL and CUSI applications & data. As this is a single physical server, We are able to take advantage of Microsoft SQL Perpertual licensing rather than having to move to a subscription based model. This allows for a one time purchase of SQL for 4 cores at about \$4500 rather than a yearly subscription costing about the same. Please note, the SQL cost is bundled with the cost of the Dell server itself. This is to allow for getting the best pricing available for the license.

Other roles such as file server hosting, active directory, etc. will still be moved to Microsoft 365 and Intune. This will allow secure, collaborative access to word docs, spreadsheet, pdfs, etc. from anywhere. Data will be stored in Microsoft 365 SharePoint and One Drive. A 3rd party backup solution will be deployed to ensure data is protected from malicious events. Rio Linda Elverta Community Water District will then have most all items cloud based. Plan may be to eventually move CUSI to the cloud once CUSI has their alternative cloud-based offering properly rolled out. The alternative cloud-based offering will not require RLEC to deploy a virtual infrastructure for hosting CUSI in the cloud.

Project is estimated at roughly 100 hours.

Scope of Work

Details

PM/Sales

Project Management

Create a schedule for the tasks, deadlines and resources needed to complete everything on time. Monitoring project from start to end. Ensure project proceeds as planned with ongoing check-ins.

Kick Off Meetings

Internal meeting to go over plan and timeline with team. External meeting with client to confirm timeline and set expectations.

Domain Protection

Setup 3rd party backup solution of M365 environment.

One Drive

Training

Training of basic One Drive features, access, and use.

Scope of Work

Details

Migration (File Redirection)

Migrating data to One Drive from user data redirected to a local server/file share.

SharePoint

Site Design Setup

Review of current data structures, planning out SharePoint structure and permissions, base review of how users will access data.

Migration (File Server)

Data sync from file server to agreed upon SharePoint site structures and review

Training

Basics of working with SharePoint

Teams

Teams Design Setup

Initial Teams design and setup review with partner.

Training

Basic of working with Teams.

Intune

Policy Setup

Base Intune policy setup using best practices. Creation of policies to push out partner required applications, web shortcuts, security requirements, etc. Review with partner.

Device Enrollment (Windows)

Enrollment of all partner owned desktops and laptops. Device OS will be clean installed for optimal enrollment with Intune.

Server and Applications

InShop Pre-Deployment

Initial setup, updating, configuration, etc.

Onsite Deployment

Physical onsite deployment and base network connectivity.

SQL Deployment

Installation of Microsoft SQL 2022 and configuration based on CUSI requirements.

Items for Discussion and Action Agenda Item: 4.5

Date: January 22, 2024

Subject: Early Payoff of the District's 2015 Meter Loan

Staff Contact: Timothy R. Shaw, General Manager

Recommended Committee Action:

The Executive Committee discussed the proposed early payoff of the 2015 meter loan. Discussion included the benefits of doing so.

The Executive Committee forwarded the item onto the January 22nd Board agenda.

Current Background and Justification:

The District borrowed money to fund upgrading its water metering system to an Automated Metering Information (AMI) system. The District budgets and funds semi-annual loan payments paid in January and July of each year. The final payment is scheduled for July 2025. The January 2024 payment is due on January $23^{\rm rd}$.

The semi-annual payments are approximately \$29,000 each. If the Board authorizes early payoff, the savings to the District ratepayers is approximately \$2,600 from avoided interest.

Additional benefits for early payoff include the avoided need to fund payments in July 2024, January 2025 and July 2025. This would be reflected positively in the next audit and would create unrestricted revenue in the next two fiscal years from the elimination of debt and debt payments.

Conclusion:

Sample Motion – Move to authorize early payoff of the District's 2015 meter loan.

Items for Discussion and Action Agenda Item: 4.6

Date: January 22, 2024

Subject: Declaring Specified Assets to be Surplus

Staff Contact: Timothy R. Shaw, General Manager

Recommended Committee Action:

This item was not discussed at the Executive Committee. Due to the recurring nature the process has been incorporated into District policy.

Current Background and Justification:

District policy requires formal designation by the Board of Directors to declare assets to be surplus, and District policy further stipulates how assets so declared to be surplus are to be dispositioned at fair market value.

The current list of assets worthy of Board consideration are:

• The Samsung Office Phone System – includes the phone server, six desktop phones, and one cordless phone.

Conclusion:

Sample Motion - Move to designate the Samsung Office Phone system to be surplus and direct staff to disposition surplus assets pursuant to District policy.

3. If, upon recommendation of staff, the General Manager authorizes disposal of an easement under this section, then the General Manager will report the disposal of the easement to the Board at its next regular meeting following the recording of the quitclaim deed relinquishing the easement.

3.06.600 Disposal of Surplus District Assets.

(Approved by July 16, 2018 Minutes)

- **1. Purpose and scope** Rio Linda Elverta Community Water District ("the District") must from time to time surplus District equipment, vehicles, materials or other District-owned assets not considered real property (collectively, "Surplus Assets"), which has become outdated, worn-out, or unnecessary. Accordingly, this policy prescribes the methods and means to remove the Surplus Assets from the District's inventory, provide accurate information for insurance purposes, and assure the District receives fair market value for the Surplus Assets in the most efficient means practical under varying circumstances.
- **2. Sale of Surplus Assets** Board of Directors acts to declare assets to be surplus, and additionally act to declare the manner each item is to be dispositioned (sealed-bid or internet auction). The Board of Directors will then authorize the General Manger to review bids and authorize sale of the item(s) to the highest bidder.
 - (A) Sealed-bid Disposition:
 - 1. Item is advertised for sale in a newspaper of local general circulation with information about the location/hours/days it can bee seen and the deadline date for submission of sealed bids.
 - 2. Sealed bids are opened after the submission deadline by the General Manager. The General Manager then determines if the bid is adequate for acceptance.
 - (B) Internet Disposition:
 - 1. Item is posted on eBay or a similar user-friendly internet system that allows a user of the system to place ongoing bids on an item they are interested in purchasing. The system should allow bidders to see the last highest bid made and post a higher bid, if they choose, until the sale deadline.
 - 2. A link to the Internet-posted items will available on the District's website.
 - 3. Photos of the surplus item (subject to the General Manager's discretion), as well as contact and site-inspection information, will be provided at both the eBay/user friendly internet system and the District's website.
 - 4. The minimum bidding period will be seven days after the advertisement is published or posted.
 - 5. If the Surplus Asset item is large, sale specifications may include the requirement that the buyer retrieve it at District facility.
 - 6. Once bidding is complete, the General Manager will review bids received and authorize sale of the Surplus Asset item(s) to the highest bidder.
 - 7. Buyers shall pay by cashier's check.
 - 8. Minimum bid recommendations by Department Managers will be subject to approval by the General Manager.
 - a. Buyers will typically be given one week from the date of sale to retrieve the purchase item, unless the General Manager determines that circumstances warrant an extended period.

Items for Discussion and Action Agenda Item: 4.7

Subject: Authorize any new Board Member Assignments (committees and other) announced by the Chair pursuant to District Policy 2.01.065

Staff Contact: Timothy R. Shaw

Recommended Committee Action:

N/A, this is a standing item on all regular meeting agendas.

January 22, 2024

Current Background and Justification:

District policy and various statutes stipulate Board approval of any Board Member assignments.

Generally, this is a standing item, which occurs on every regular meeting agenda.

Conclusion:

Date:

I recommend the Board consider approving any specific nominations and assignments as may be deemed necessary and appropriate.

PENDING AND COMPLETED ITEMS 1-22-2024 BOARD OF DIRECTORS MEETING

- 1. Coordinating with cellular service lease rights holder to service the cathodic protection system on the elevated water storage tank. Staff continues to seek leverage via cell phone service providers to address the needed maintenance on the elevated storage tank cathodic protection system. As reported by the Contract District Engineer at the January Executive Committee, the District should likely move forward assuming no assistance from the cell phone companies. **Pending**
- 2. Submittal of the Water Use Efficiency Objective AND SB-606 and AB-1668 planning for compliance The District submitted its preliminary Water Use Efficiency Objectives report on December 30th. The report will need to be substantively expanded when the state finalizes the standards in July 2024. **Pending**
- 3. **–Hexavalent Chromium MCL** The State Water Resources Control Board published their Notice of Proposed Rulemaking on June 16th, Then, the Water Board held an administrative hearing on August 2nd. The General Manager participated in the public hearing held on August 2nd, which was mostly boiler plate commentary. In late November, the state published corrections to the enforcement language in statutes regarding hexavalent chromium, which initiated another 15-day comment period. The comment period closed on December 15th .**Pending**
- 4. **District outreach to customers following implementation of a new rate structure focused on consumption in compliance with SB 606 / AB 1668 requirements** The Customer Service / Conservation Coordinator is back from leave and has resumed her practice of outreach to customers with indications of abnormal water consumption. **Pending**
- 5. **Mandated Board Member Training** Two Board Members are significantly overdue for mandatory training. **Pending**
- 6. **Cost of Service Reductions to Mitigate Inflation** —Staff continues to seek out inflation mitigation measures. The more recent focus on mitigation measures on costs for the network fileserver. Additionally, the District is discussing changing the cell phone service provider. -**Pending**
- 7. **Annual Water Loss Audit and Validation of the same** Staff has completed the annual water loss audit. The General Manager completed the data validation and all documents were submitted to the Department of Water Resources. **Completed**
- 8. **Annual Inflation Adjustment for District Capacity Fees.** The Board approved the annual inflation adjustment for capacity fees at its December 13th meeting **Completed.**

Agency Report of: Public Official Appointments

Background

This form is used to report additional compensation that officials receive when appointing themselves to positions on committees, boards, or commissions of another public agency or to a committee or position of the agency of which the public official is a member.

This form is required pursuant to FPPC Regulation 18702.5. Each agency must post on its website a single Form 806 which lists all the paid appointed positions to which an official will vote to appoint themselves. When there is a change in compensation or a new appointment, the Form 806 is updated to reflect the change. The form must be updated promptly as changes occur.

Instructions

This form must be posted prior to a vote (or consent item) to appoint a governing board member if the appointee will participate in the decision and the appointment results in additional compensation to the appointee.

FPPC Regulation 18702.5 provides that as long as the public is informed prior to a vote, an official may vote to hold another position even when the vote results in additional compensation.

Part 1. Agency Identification

Identify the agency name and information on who should be contacted for information.

Part 2. Appointments

Identify the name of the other agency, board or commission. List the name of the official, and an alternate, if any.

List the appointment date and the length of term the agency official will serve. Disclose the stipend provided per meeting and the estimated annual payment. The annual salary is an estimate as it will likely vary depending upon the number of meetings. It is not necessary to revise the estimate at the end of the calendar year.

Part 3. Verification

The agency head or his/her designee must sign the verification.

Frequently Asked Questions (FAQs)

- 1. When does an agency need to complete the Form 806?
 - A Form 806 is required when an agency's board members vote to appoint a board member to serve on another governmental agency or position of the agency of which the official is a member and will receive additional compensation.
- 2. The city council votes to serve as the city's housing authority, a separate entity. Will the Form 806 be required?
 - If the council members receive additional compensation for serving on the housing authority, the Form 806 is required.

- 3. Are appointments made by a governing board to appoint one of its members to serve as an officer of that board for additional pay (e.g., mayor) required to be disclosed on Form 806?
 - No. FPPC Regulation 18702.5(b)(6) exempts from this requirement decisions to fill a position on the body of which the official is a member (such as a councilmember being appointed as mayor) despite an increase in compensation.
- 4. In determining the income, must the agency include mileage reimbursements, travel payments, health benefits, and other compensation?
 - No. FPPC Regulation 18702.5 requires only the amount of the stipend or salary to be reported.
- 5. Which agency must post the Form 806?

The agency that is voting to appoint a public official must post the Form 806 on its website. The agency that the official will serve as a member is not required to post the Form 806. The form is not sent to the FPPC.

- 6. When must the Form 806 be updated?
 - The Form 806 should be amended promptly upon any of the following circumstances: (1) the number of scheduled meetings is changed, (2) there is a change in the compensation paid to the members, (3) there is a change in membership on the board or commission, or (4) there is a new appointment to a new agency.
- 7. If officials choose to recuse themselves from the decision and leave the room when a vote is taken to make an appointment, must the Form 806 be completed?
 - No. The Form 806 is only required to identify those officials that will vote on an appointment in which the official will also receive additional compensation.

RLECWD General Unit 2023 COLA Negotiations Settlement Agreement:

Pursuant to the relevant terms in the current memorandum of understanding, Teamster Local 150 and the Rio Linda Everta Community Water District (RLECWD) Board of Directors have reached agreement on the Cost of Living Adjustment (COLA) for 2023. The following two items constitute the agreed upon settlement:

- 1. Cost of Living Adjustment for 2023 (effective on or before 12-1-2023) of Five percent (5%). This adjustment represents the maximum adjustment stipulated in the current MOU (3%) plus an additional 2% from the accumulated banked credits described in the MOU.
- 2. A one-time, non-pensionable signing bonus of \$1,200 to be paid to each General Unit employee following the execution of the settlement agreement.

IN WITNESS WHEREOF, the parties have caused their authorized representatives to execute this 2023 COLA Settlement Agreement this 13tday of December, 2023.

Rio Linda Elverta Community Water District

Date: January 22, 2024

Subject: Board Reports

Staff Contact: Timothy R. Shaw, General Manager

BOARD REPORTS

- 5.2.1. Report any ad hoc committees dissolved by requirements in Policy 2.01.065
- 5.2.2. Sacramento Groundwater Authority Garrison (primary)
- 5.2.3. Executive Committee Garrison, Cline
- 5.2.4. ACWA/JPIA Cline

SACRAMENTO GROUNDWATER AUTHORITY

MEETING OF THE BOARD OF DIRECTORS

Thursday, December 14, 2023 at 9:00 a.m.

2295 Gateway Oaks, Suite 100 Sacramento, CA 95833 (916) 967-7692

The Board will discuss all items on this agenda, and may take action on any of those items, including information items and continued items. The Board may also discuss other items that do not appear on this agenda but will not act on those items unless action is urgent, and a resolution is passed by a two-thirds (2/3) vote declaring that the need for action arose after posting of this agenda.

IMPORTANT NOTICE REGARDING VIRTUAL PUBLIC PARTICIPATION:

The Sacramento Groundwater Authority currently provides in person as well as virtual public participation via the Zoom link below until further notice. The public shall have the opportunity to directly address the Board on any item of interest before or during the Board's consideration of that item. Public comment on items within the jurisdiction of the Board is welcomed, subject to reasonable time limitations for each speaker.

Join the meeting from your computer, tablet or smartphone

https://us06web.zoom.us/j/82737526432?pwd=PMOQuQs6PsY18JREWLbab9atzA0E6G.1

Phone: 1-669-900-6833

Meeting ID: 827 3752 6432 Passcode: 121932

If we experience technical difficulties and the Zoom link drops and you are no longer able to connect to the Board meeting, please dial 877-654-0338 – Guest Code 198

Public documents relating to any open session item listed on this agenda that are distributed to all or a majority of the members of the Board of Directors less than 72 hours before the meeting are available for public inspection on SGA's website. In compliance with the Americans with Disabilities Act, if you have a disability and need a disability-related modification or accommodation to participate in this meeting, please contact jpeifer@rwah2o.org. Requests must be made as early as possible, and at least one full business day before the start of the meeting.

AGENDA

1. CALL TO ORDER AND ROLL CALL

2. PUBLIC COMMENT: Members of the public who wish to address the Board may do so at this time. Please keep your comments to less than three minutes.

3. CONSENT CALENDAR:

All items listed under the Consent Calendar are considered and acted upon by one motion. Anyone may request an item be removed for separate consideration.

- **3.1** Approve the draft meeting minutes of October 12, 2023 SGA Board meeting.
- **3.2** Approve Josette Reina-Luken as the alternate Board Secretary for the December 14, 2023 Board meeting.

Action: Approve Consent Calendar items as presented

4. FISCAL YEAR 2022/2023 AUDIT REPORT

Presenter: Ingrid Sheipline, Richardson & Company, LLP

Action: Accept Fiscal Year 2022/2023 SGA Financial Audit Report

7. ELECTION OF 2024 SGA OFFICERS

Presenter: Randy Marx, Chair

Action: 2024 Chair and Vice Chair and select SGA Ad Hoc Nominating

Committee

8. EXECUTIVE DIRECTOR'S REPORT

9. DIRECTORS' COMMENTS

ADJOURNMENT

Next SGA Board of Director's Meetings:

February 8, 2024, 9:00 a.m. at the RWA/SGA office, 2295 Gateway Oaks, Suite 100, Sacramento, CA 95833. The location is subject to change.

Notification will be emailed when the SGA electronic packet is complete and posted on the SGA website at https://www.sgah2o.org/meetings/board-meetings/

Posted on: December 8, 2023

Re: Grandpark Development Project - Water Supply Planning

Dear Mr. Giberson,

The Sacramento Groundwater Authority (SGA) appreciates the overview you provided of the Grandpark development project (Grandpark) held at the SGA offices on August 28, 2023, and the follow up discussion on October 24, 2023. This overview provided SGA an opportunity to hear directly from Grandpark's consulting team about the efforts that have been undertaken to plan and analyze data and information to obtain a future water supply for Grandpark. During these meetings, SGA was introduced to the consulting team's work related to the topics of groundwater modeling, land use planning (based on the Grandpark Specific Plan) and preliminary water system design. We understand that Grandpark's preferred water supply strategy will utilize groundwater to initially supply project demands. Based on your presentation, it is estimated that 67 percent of Grandpark will develop before surface water is available. After surface water is available, the customers in the development will be served approximately 80 percent surface water and the balance will be groundwater on a long term basis.

At your request, we are providing you this letter with our feedback. Below are questions and information that we believe will be helpful to learn more about Grandpark and the potential affects to the North American groundwater subbasin (NASb) and specifically how Grandpark would be developed consistent with the sustainability of our groundwater supplies. The SGA is one of five Groundwater Sustainability Agencies (GSAs) that overlie the NASb and have responsibility to maintain sustainable groundwater conditions and the sustainable yield of the basin consistent with the requirements identified in the Sustainable Groundwater Management Act (SGMA) and NASb Groundwater Sustainability Plan (GSP). Pursuant to our regional GSP implementation agreement, each GSA is responsible for "Undesirable Results" caused by their individual actions, including land use decisions. For this reason, please see the following questions regarding Grandpark.

Based on our discussion and information presented during our meetings, there are
multiple possible water supply development scenarios that illustrate Grandpark will rely
initially and for approximately the next 20 years solely on groundwater supply from
NASb. Most scenarios show a source of surface water supply replacing a portion of, if

California American Water

Carmichael Water District

Citrus Heights Water District

City of Folsom

City of Sacramento

County of Sacramento

Del Paso Manor Water District

Agricultural and Self-Supplied Representative Letter to MacKay & Somps Grandpark Development Project – Water Supply Planning December 4, 2023

not most of the demands initially met with groundwater. Please provide analysis and information as to how these scenarios, including the scenario where groundwater supply meets demand at Grandpark buildout without surface water will be addressed. We will be interested in seeing an analysis which demonstrates that Grandpark development without surface water availability in addition to each scenario will be consistent with the NASb GSP and will not create any impacts or limit the ability for the NASb to be operated in accordance with the GSP and without undue burden on the remaining sustainable yield of the basin.

- 2. Related to item 1, what financial resources and assurance does Grandpark have that surface water supplies will be provided to meet demands for this project? Given that all residences within the proposed project will rely upon surface water as well as groundwater, the funding plan should include equal participation in surface water investment through all phases of development. In addition, what if any conjunctive water management strategies are being planned to limit the use of groundwater? In addition, do the scenarios presented meet the conjunctive use requirements of the conservation element of the Sacramento County General Plan?
- 3. Although SGMA provides GSAs with certain powers and authorities as it relates to groundwater management, the County of Sacramento is the public agency that approves new development. Any development approval should be in close coordination with the appropriate water purveyor since the water purveyor is the entity that would be subject to enforcement should the groundwater basin experience negative consequences from the Grandpark development.

SGA appreciates your team's willingness to engage with us and discuss this project. If you have any questions or would like to discuss anything presented in this letter further, please contact Trevor Joseph of our office at (916) 990-3035 or tioseph@rwah2o.org.

Sincerely,

James Peifer

Executive Director

Minutes Rio Linda / Elverta Community Water District Executive Committee

January 10, 2024 @ 6:00 P.M.

Visitors / Depot Center 6730 Front St. Rio Linda, CA 95673

The meeting was called to order at 6:00 P.M. The meeting was attended in-person by, Director Cline, Director Garrison General Manager Tim Shaw, Contract District Engineer Mike Vasquez, and Geoff Granger of Adept Solutions.

Call to Order: 6:00 P.M.

Public Comment: There were no public members present.

Items for Discussion:

1. Continue Discussing Options for Replacing the District's File Server (Adept Solutions Analysis)

Geoff Granger of Adept Solutions presented his analysis of options for replacing the District's file server and responded to questions from the Committee. Director Garrison asserted that the recommended option, which includes cloud-based features, was somehow affiliated with encouraging / sustaining teleworking. The General Manager responded that this item has absolutely nothing to do with teleworking.

The Executive Committee forwarded this item onto the January 22nd Board agenda. However, the Committee did NOT express a recommended Board action.

2. Contract District Engineer's Update.

The Contract District Engineer presented his written report and expounded on the bulleted items therein, including reporting that pipes for the pipe replacement project are no longer impacted by supply chain issues.

3. Discuss Engaging Professional Services for Design of Hexavalent Chromium Treatment System.

The General Manager presented his written report, and along with the Contract District Engineer, responded to questions from the Committee. A primary aspect of the discussion was the District's policy for competitive bidding, e.g. a Request for Proposals process. The General Manager reminded the Committee of the Special Circumstances (Section 5 of Policy 3.08.600) which empowers the Board to waive the competitive bidding requirements if specific criteria are applicable. Director Cline requested that the cited policy excerpt be included in the documents associated with this item when the Board considers it.

The Executive Committee forwarded this item onto the January 22nd Board agenda. However, the Committee did NOT express a recommended Board action.

4. Update on the Status of Water Use Efficiency Objectives Submittal.

The General Manager reported that circumstances changed after his staff report was written, i.e. the submittal for the District was performed on 12-30-2023. The Contract District Engineer submitted the preliminary report, which was much less complex than the regulations reflect. The simplification is due to the state's delay in finalizing water use efficiency objectives. As such, only two sheets of the 27-sheet workbook are relevant until the state finalizes the objectives on or about July 2024. Director Garrison reiterated her assertion that the District's compliance is unnecessary due to serving less than 3,000 acre-feet of water. The General Manager restated the correction that the requirement includes an "or" clause. The report is required for urban water suppliers defined as serving 3,000 acre-feet per year or having at least 3,0000 service connections.

5. Discuss Paying Off the AMI Meter Loan.

The General Manager presented his written report. Director Garrison opined her opposition. Director Cline commented that it will be a Board decision, as appropriate.

The Executive Committee forwarded this item onto the January 22nd Board agenda. However, the Committee did NOT express a recommended Board action.

6. Discuss Expenditures for November 2023.

Director Garrison made inquiries about the charges from Adept Solutions, John Todd, and Mary Henrici.

The Executive Committee forwarded this item onto the January 22nd Board agenda. However, the Committee did NOT express a recommended Board action.

7. Discuss Financial Reports for November 2023

The Executive Committee forwarded this item onto the January 22nd Board agenda. However, the Committee did NOT express a recommended Board action.

8.

Directors' and General Manager Comments:

X – Fair Political Practices Commission Form 806

Director Garrison asked if this was the first time this form has been filed (GM responded no, it was also completed and posted last year). Director Cline asked if he needed to do anything for this form (GM-no)

Y – Email from PFAS Claims

GM explained that this is to document that the District has registered as a claimant in the class action lawsuit.

Items Requested for Next Month's Committee Agenda: No response. No discussion.

Adjournment 7:06 P.M.
