Date: September 6, 2022

Subject: General Status Update from the District Engineer

Contact: Mike Vasquez, PE, PLS, Contract District Engineer

Recommended Committee Action:

Receive a status report on specific focus items currently being addressed by the District Engineer.

Current Background and Justification:

Subjects anticipated for discussion include:

- 1. Annual Pipe Replacement Project Dry Creek Road
- 2. Active Developments
 - a. Fox Hollow Residential Development (28 lots, 6th Street between Q Street and S Street)
- 3. Elkhorn/Rio Linda Blvd Water Valve Adjustment
- 4. 18th Street Customer Buried Meter
- 5. 2020 UWMP

Conclusion:

I recommend the Executive Committee receive the status report from the District Engineer. Then, if necessary and appropriate, forward an item(s) onto the September 19, 2022 Board of Directors Meeting agenda with recommendations as necessary.

Date: September 6, 2022

Subject: FY 2022-2023 Budget Revision

Contact: Timothy R. Shaw, General Manager

Recommended Committee Action:

The Executive Committee should review documents and engage staff in dialog regarding the need for a budget revision, then forward an item onto the September 19th Board agenda with the Committee's recommendation for Board approval.

Current Background and Justification:

District policy stipulates the Board may revise the budget when costs are higher than anticipated and/or revenues are lower than anticipated. The ongoing inflation crisis is impacting the District at least as much as it is impacting the rest of the world. Simultaneously, the mandated declaration of a water shortfall with associated contingency implantation has resulted in approximately 15-20% conservation during the time of year which historically features the highest water volume sells.

Several annual expense increases are beyond the record level of inflation. The District's property and liability insurance increased more than 70% due to new facilities (Well 16) and spiraling cyber security insurance. Other expenses were unanticipated (e.g., raising iron for road work at Elkhorn and Rio Linda Blvd).

In summary, the proposed budget revision moves funding from the annual pipe replacement project in fiscal year 2022/2023 back into the operating budget for the cost overruns (inflation and insurance) and simultaneous revenue shortfalls consequent to inflation.

Conclusion:

I recommend the Executive Committee review and discuss, then forward this item onto the September 19th Board agenda with the Committee's recommendation for Board approval.

Subject: Professional Services Agreement with Independent Auditor

Contact: Timothy R. Shaw, General Manager

Recommended Committee Action:

The Executive Committee should review and discuss the documents associated with this item, then forward this item onto the September 19th Board agenda with the Committee's recommendation for Board approval.

Current Background and Justification:

As previously communicated to the Board, the previous auditor is deceased. As such, a Request For Proposals (RFP) process was initiated with Board approval. Staff has evaluated the qualification and experience of the two respondents to the RFP and determined the most qualified and experienced services provider relative to the District's need.

Staff has prepared a Professional Service Agreement (small scope, standard form) for Board consideration

Conclusion:

I recommend the Executive Committee forward the professional services agreement onto the September 19th Board agenda with the Committee's recommendation for Board approval.

RIO LINDA/ELVERTA COMMUNITY WATER DISTRICT

AGREEMENT FOR CONSULTING SERVICES

THIS CONSULTING SERVICES AGREEMENT ("Agreement") is made and entered into this 19 day of September 2022, by and between the Rio Linda Elverta Community Water District, a county water district of the State of California ("District") and Maze & Associates ("Consultant"), (each individually a "Party" and collectively the "Parties"). There are no other parties to this Agreement.

RECITALS

- **A.** Consultant represents to District that it is a duly qualified and licensed firm experienced in providing consulting services as a financial auditor.
- **B.** In the judgment of the Board of Directors of District, it is necessary and desirable to employ the services of Consultant to perform consulting services on the above referenced water supply project (the "Project").
- **C.** Consultant has been selected as the most qualified to perform the services as a financial auditor.
- **D.** All compensation shall be based on a time and materials not to exceed bases using billing rates provided in the Scope of Services attached as **Exhibit A.**
- **NOW, THEREFORE,** in consideration of the promises and covenants set forth below, the Parties agree as follows:

AGREEMENT

- **Section 1.** Recitals. The recitals set forth above ("Recitals") are true and correct and are hereby incorporated into and made part of this Agreement by this reference. In the event of any inconsistency between the Recitals and Sections 1 through 18 of this Agreement, Sections 1 through 18 shall prevail.
- **Section 2.** Term. This Agreement shall commence on the Effective Date and terminate one (1) year after Consultant completes performance of the Services ("Term"), unless the Parties mutually agree in writing to terminate the Agreement earlier or extend the Term pursuant to this Agreement.
- **Section 3. Effective Date**. This Agreement shall only become effective once all of the Parties have executed the Agreement (the "Effective Date"). Consultant, however, shall not commence the performance of the Services until it has been given notice by District ("Notice to Proceed").

Section 4. Work.

- (a) Services. Subject to the terms and conditions set forth in this Agreement, Consultant shall perform the Services as described in **Exhibit A**. Consultant shall not receive additional compensation for the performance of any services unless approved by the District in writing.
- (b) Modification of Services. Only the District's General Manager may authorize, in writing, extra or changed work. Failure of Consultant to secure such a written authorization for extra or changed work shall constitute a waiver of any and all right to adjustment in the Agreement price or Agreement time due to such unauthorized work and thereafter Consultant shall be entitled to no compensation whatsoever for the performance of such work. Consultant further waives any and all

right or remedy by way of restitution or quantum meruit for any and all extra work performed without such express and prior written authorization of the General Manager.

- **Section 5. Time of Performance**. Consultant warrants that it will commence performance of the Services within thirty (30) calendar days of the Notice to Proceed. The time of performance is a material term of this Agreement relied on by District in entering into this Agreement.
- **Section 6. Payment**. District shall pay Consultant for all Services described in the approved Scope of Services and which are to be performed by Consultant.

District shall pay Consultant within thirty (30) days of Project completion, acceptance of the Services by District, and receipt of Consultant's invoice for the Services. All payments will be made in accordance with this Agreement.

- **Section 7. Representations of Consultant**. District relies upon the following representations by Consultant in entering into this Agreement:
- (a) Standard of Care. District has relied upon the professional ability and training of Consultant as a material inducement to enter into this Agreement. Consultant hereby warrants that it is qualified to perform the Services as provided in the Scope of Services and that all of its services will be performed in accordance with the generally accepted consultant practices and standards, in compliance with all applicable federal, state and local laws.
- (b) *Independent Contractor*. In performing the services hereinafter specified, Consultant shall act as an independent contractor and shall have control of the work and the manner in which it is performed. Consultant is not to be considered an agent or employee of District and is not entitled to participate in any pension plan, insurance, bonus, or similar benefits District provides its employees. In the event District exercises its right to terminate this Agreement, Consultant expressly agrees that it shall have no recourse or right of appeal under rules, regulations, ordinances, or laws applicable to employees. Nothing contained herein shall be construed as creating an employment, agency or partnership relationship between District and Consultant.
- (c) Authority. Consultant represents that it possesses the necessary licenses, permits and approvals required to perform the Services or will obtain such licenses, permits or approvals prior to the time such licenses, permits or approvals are required. Consultant shall also ensure that all sub-consultants are similarly licensed and qualified. Consultant represents and warrants to District that Consultant shall, at Consultant's sole cost and expense, keep in effect or obtain at all times during the Term of this Agreement, any licenses, permits, and approvals which are legally required for Consultant to practice Consultant's profession at the time the Services are rendered, including registration for public works projects with the Department of Industrial Relations.
- (d) No Conflict of Interest. Consultant represents that no conflict of interest will be created under state or federal law by entering into or in carrying out this Agreement. Consultant further promises that in the performance of this Agreement, no person having such conflict of interest will be knowingly employed. If requested to do so by District, Consultant shall complete and file, and shall cause any person doing work under this Agreement to complete and file, a "Statement of Economic Interest" with the Sacramento County Clerk disclosing their financial interests.
- (e) Prevailing Wage. Consultant agrees to pay all craftsmen and laborers required as part of the consulting services at least the minimum prevailing wage required by the Department of Industrial Relations of the State of California. Consultant understands and agrees that it is Consultant's responsibility to determine the minimum prevailing wage and to report compliance as required under California law.

Section 8. Conformity with Law and Safety. Consultant shall observe and comply with all applicable laws, ordinances, codes and regulations of governmental agencies, including federal, state, municipal and local governing bodies having jurisdiction over any or all of the scope of Services, including all provisions of the Occupational Safety and Health Act of 1979 as amended, all California Occupational Safety and Health Regulations, the California Building Code, the American with Disabilities Act, and all other applicable federal, state, municipal and local safety regulations, appropriate trade association safety standards, and appropriate equipment manufacturer instructions. Consultant's failure to comply with any laws, ordinances, codes or regulations applicable to the performance of the Services hereunder shall constitute a breach of contract. In cases where standards conflict, the standard providing the highest degree of protection shall prevail.

If a death, serious personal injury or substantial property damage occurs in connection with the performance of this Agreement, Consultant shall immediately notify the District's risk manager by telephone. If any accident occurs in connection with this Agreement, Consultant shall promptly submit a written report to District, in such form as the District may require. This report shall include the following information: (a) name and address of the injured or deceased persons; (b) name and address of Consultant's sub-consultant, if any; (c) name and address of Consultant's liability insurance carrier; and (d) a detailed description of the accident, including whether any of District's equipment, tools or materials were involved.

If a release of a hazardous material, substance, or waste occurs in connection with the performance of this Agreement, Consultant shall immediately notify District. Consultant shall not store hazardous materials or hazardous waste within the District limits without a proper permit from District.

Section 9. Excusable Delays. Consultant shall not be in breach of this Agreement in the event that performance of Services is temporarily interrupted or discontinued due to a "Force Majeure" event which is defined as: riots, wars, sabotage, civil disturbances, insurrections, explosion, natural disasters such as floods, earthquakes, landslides, fires, strikes, lockouts and other labor disturbances or other catastrophic events, which are beyond the reasonable control of Consultant. Force Majeure does not include: (a) Consultant's financial inability to perform; (b) Consultant's failure to obtain any necessary permits or licenses from other governmental agencies; or (c) Consultant's failure to obtain the right to use the facilities of any public utility where such failure is due solely to the acts or omissions of the Consultant.

Section 10. Assignment Prohibited. No Party to this Agreement may assign any right or obligation pursuant to this Agreement. Any attempt or purported assignment of any right or obligation pursuant to this Agreement shall be void and of no effect.

Section 11. Ownership and Disclosure of Work Product. District shall be the owner of and shall be entitled to immediate possession of accurate reproducible copies of any design computations, plans, specifications, copies of correspondence, maps, or other pertinent data and information gathered or computed by Consultant ("Work Product") in the performance of and prior to termination of this Agreement by District or upon completion of the work pursuant to this Agreement. Consultant may retain copies of the above-described documents but agrees not to disclose or discuss any information gathered, discovered, or generated in any way through this Agreement without the express written permission of District, during the term of this Agreement and for a period of one hundred eighty (180) days following expiration of the term of the Agreement.

When this Agreement is terminated, Consultant agrees to return to District all documents, drawings, photographs and other written or graphic material, however produced, that it received from District, its Consultants or agents, in connection with the performance of its Services under this Agreement. All materials shall be returned in the same condition as received.

- Section 12. Termination by Default. If a Party should fail to perform any of its obligations hereunder, within the time and in the manner herein provided, or otherwise violates any of the terms of this Agreement (the "Defaulting Party"), the other Party shall give notice to the Defaulting Party and allow such Party ten (10) days to correct such deficiency. If the Defaulting Party does not correct such deficiency, the other Party may immediately terminate this Agreement by giving written notice of such termination, stating the reason for such termination. In such event, Consultant shall be entitled to receive payment for all services satisfactorily rendered, provided, however, there shall be deducted from such amount the amount of damage, if any, sustained by virtue of any breach of this Agreement by Consultant. If payment under this Agreement is based upon a lump sum in total or by individual task, payment for services satisfactorily rendered shall be an amount which bears the same ratio to the total fees specified in the Agreement as the services satisfactorily rendered hereunder by Consultant bear to the total services otherwise required to be performed for such total fee, provided, however, that there shall be deducted from such amount the amount of damage, if any sustained by District by virtue of any breach of this Agreement by Consultant.
- (a) Consultant shall deliver copies of all Work Product prepared by it pursuant to this Agreement.
- (b) If District terminates this Agreement before District issues the Notice to Proceed to Consultant or before Consultant commences any Services hereunder, whichever last occurs, District shall not be obligated to make any payment to Consultant. If District terminates this Agreement after District has issued the Notice to Proceed to Consultant and after Consultant has commenced performance under this Agreement, District shall pay Consultant the reasonable value of the Services rendered by Consultant pursuant to this Agreement prior to termination of this Agreement. District shall not in any manner be liable for Consultant's actual or projected lost profits had Consultant completed the Services. Consultant shall furnish to District such financial information, as in the judgment of the District Manager, is necessary to determine the reasonable value of the Services rendered by Consultant prior to termination.
- (c) Except as provided in this Agreement, in no event shall District be liable for costs incurred by or on behalf of Consultant after the date of the notice of termination.
- Section 13. Liability for Breach. Neither Party waives the right to recover damages against the other for breach of this Agreement including any amount necessary to compensate District for all detriment proximately caused by Consultant's failure to perform its obligations hereunder or which in the ordinary course of things would be likely to result therefrom. District reserves the right to offset such damages against any payments owed to Consultant. District shall not in any manner be liable for Consultant's actual or projected lost profits had Consultant completed the Services required by this Agreement. In the event of a termination by either Party, copies of all finished or unfinished Work Product shall become the property of District. Notwithstanding the above, in no event shall District be liable, regardless of whether any claim is based on contract or tort, for any special, consequential, indirect or incidental damages, including, but not limited to, lost profits or revenue, arising out of or in connection with this Agreement or the Services performed in connection with this Agreement.
- **Section 14. Insurance Coverage**. During the Term, the Consultant shall maintain in full force and effect policies of insurance set forth herein, which shall be placed with insurers with a current A M Best's rating of no less than A VII and will provide the District with written proof of said insurance. Consultant shall maintain coverage as follows:
- (a) *Professional Liability:* Professional liability insurance for damages incurred by reason of any actual or alleged negligent act, error or omission by sub-consultant in the amount of One Million Dollars (\$1,000,000.00) combined single limit each occurrence and annual aggregate. If the

Consultants prime agreement requires the sub-consultant to carry additional Professional Liability insurance the sub-consultant shall increase their Professional Liability insurance to meet the prime agreement's requirements for the duration of the Project.

- (b) General Liability. Consultant shall carry commercial general liability insurance in an amount no less than One Million Dollars (\$1,000,000.00) combined single limit for each occurrence, covering bodily injury and property damage. If commercial general liability insurance or another form with a general aggregate limit is used, either the general aggregate limit shall apply separately to this Project or the general aggregate shall be no less than One Million Dollars (\$1,000,000.00).
- (c) Worker's Compensation Insurance and Employer's Liability. Consultant shall carry workers' compensation insurance as required by the State of California under the Labor Code.
- (d) Automobile Liability Insurance. Consultant shall carry Automobile liability insurance covering bodily injury and property damage in an amount no less than One Million Dollars (\$1,000,000.00) combined single limit for each occurrence. Said insurance shall include coverage for owned, hired, and non-owned vehicles.
- (e) *Policy Obligations*. Consultant's indemnity and other obligations shall not be limited by the foregoing insurance requirements.
- (f) Material Breach. If Consultant, for any reason, fails to maintain insurance coverage that is required pursuant to this Agreement, such failure shall be deemed a material breach of this Agreement. District, at its sole option, may terminate this Agreement and obtain damages from Consultant resulting from said breach. Alternatively, District may purchase such required insurance coverage, and without further notice to Consultant, District may deduct from sums due to Consultant any premium costs advanced by District for such insurance. These remedies shall be in addition to any other remedies available to District.
- **Section 15. Indemnification.** To the fullest extent permitted by law (including, without limitation, California Civil Code sections 2782 and 2782.8), Consultant shall defend, indemnify hold harmless and release District, and District's elected and appointed councils, commissions, directors, officers, employees, agents, and representatives ("District's Agents") from and against any and all actions, claims, loss, cost, damage, injury (including, without limitation, disability, injury or death of an employee of Consultant or its sub-consultants), expense and liability of every kind, nature and description that arise out of, pertain to or relate to the negligence, recklessness or willful misconduct of Consultant, or any direct or indirect sub-consultant, employee, Consultant, representative or agent of Consultant, or anyone that Consultant controls (collectively "Liabilities"). Such obligations to defend, hold harmless and indemnify District and District's Agents shall not apply to the extent that such Liabilities are caused in whole by the sole negligence, active negligence, or willful misconduct of District or District's Agents, or any third parties. With respect to third party claims against the Consultant, the Consultant waives any and all rights of any type of express or implied indemnity against District and District's Agents. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for Consultant or its agents under Workers' Compensation acts, disability benefits acts or other employee benefit acts.
- **Section 16. Notices**. Any notice or communication required hereunder between District and Consultant must be in writing, and may be given either personally, by registered or certified mail (return receipt requested), or by Federal Express, UPS or other similar couriers providing overnight delivery. If personally delivered, a notice or communication shall be deemed to have been given when delivered to the Party to whom it is addressed. If given by registered or certified mail, such notice or communication shall be deemed to have been given and received on the first to occur of (a) actual receipt by any of the addressees designated below as the party to whom notices are to be sent, or (b) five (5) days after a registered or certified letter containing such notice, properly

addressed, with postage prepaid, is deposited in the United States mail. If given by Federal Express or similar courier, a notice or communication shall be deemed to have been given and received on the date delivered as shown on a receipt issued by the courier. Any Party hereto may at any time, by giving ten (10) days written notice to the other Party hereto, designate any other address in substitution of the address to which such notice or communication shall be given. Such notices or communications shall be given to the Parties at their addresses set forth below:

Section 18. General Provisions.

- (a) *Modification*. No alteration, amendment, modification, or termination of this Agreement shall be valid unless made in writing and executed by all of the Parties to this Agreement.
- (b) Waiver. No covenant, term, or condition or the breach thereof shall be deemed waived, except by written consent of the Party against whom the waiver is claimed, and any waiver of the breach of any covenant, term, or condition shall not be deemed to be a waiver of any preceding or succeeding breach of the same or any other covenant, term, or condition.
- (c) Severability. If this Agreement in its entirety is determined by a court to be invalid or unenforceable, this Agreement shall automatically terminate as of the date of final entry of judgment. If any provision of this Agreement shall be determined by a court to be invalid and unenforceable, or if any provision of this Agreement is rendered invalid or unenforceable according to the terms of any federal or state statute, which becomes effective after the Effective Date of this Agreement, the remaining provisions shall continue in full force and effect and shall be construed to give effect to the intent of this Agreement.
- (d) *Counterparts*. This Agreement may be executed simultaneously, and in several counterparts, each of which shall be deemed an original, but which together shall constitute one and the same instrument.

- (e) *Audit*. District shall have access at all reasonable times to all reports, contract records, contract documents, contract files, and personnel necessary to audit and verify Consultant's charges to District under this Agreement.
- (f) Entire Agreement. This Agreement, together with its specific references, attachments and exhibits, constitutes the entire agreement of the Parties with respect to the subject matters hereof, and supersedes any and all prior negotiations, understanding and agreements with respect hereto, whether oral or written.
- (g) Attorney's Fees and Costs. If any action at law or in equity, including action for declaratory relief, is brought to enforce or interpret provisions of this Agreement, the prevailing Party shall be entitled to reasonable attorney's fees and costs, which may be set by the court in the same action or in a separate action brought for that purpose, in addition to any other relief to which such Party may be entitled.
- (h) *Time is of the Essence*. Time is of the essence in this Agreement for each covenant and term of a condition herein.

Subject: Long-Term Trend of Water Purveyor New Mandates

Contact: Timothy R. Shaw, General Manager

Recommended Committee Action:

There is no anticipated Board action related to this item, i.e., informational item

Current Background and Justification:

The Board has received unwarranted criticism regarding the current cost of service, e.g. "the District was managed better 20-years ago because look at the rates back then". Such criticism is, in staff's opinion, irrational.

The following is a non-inclusive list of the last 10-years of regulatory/enforcement mandates and new requirements. All of which have added to the cost of providing service.

- SB-555 (2015) annual water loss audit and data validation. This report is uploaded each fall to the Dept. of Water Resources. At RLECWD, one staff member performs the audit and another staff member, which required certification, validates the audit. The audit, validations, and submittal expend at least 40-person hours of staff time. Outsourcing of the validation service would cost the District ratepayers \$3,000 each year.
- US EPA (2003) mandated Emergency Response Plan and associated Risk and Resiliency Assessment. This mandate commenced around 2003 (after 9-11) and was revised with a new requirement to include natural disasters within the past two years. These requirements expend approximately 80-hours of staff time. Outsourcing of this requirement would cost the District ratepayers approximately \$10,000 every time EPA requires re-submittal.
- SB-998 (2018) Discontinuation of Residential Water Service for Non-Payment. This law created substantive additional requirements which must be completed prior to discontinuing of water service. There were already considerable requirements, but this law at least doubled the workload of documentation. Further, this law created fines for

the water agencies at \$100 per day for every day a water customer's service is off if the water agency is not fully compliant with the requirements of SB 998. This new requirement would have resulted in hiring a new position unless the District outsourced other tasks (printing, folding, stuffing, and mailing water bills), the outsourcing costs are directly attributable to SB-998 requirements.

- SB 606 and AB 1668 (2018) Water Use Efficiency Mandates. The District has already expended resources for compliance. The District has been reporting the monthly gallons per day per capita to the DRINQ portal for the last few years. This November, the District will need to draft and submit a plan to the Department of Water Resources to address how the District intends to meet the indoor standard, the outdoor standard, the water loss standard and the Commercial Industrial Institutional standards.
- Urban Water Management Plan new requirements (2021) Water Supply and Demand Assessments. The District complied with the new requirement in June and July of 2022. The report expended about 40-person hours of staff time.
- Electronic Annual Report (2018) This comprehensive online report expends approximately 80-hours of staff time. Although this report requirement was codified in 2018, a similar report was mandated via emergency rule making (executive order) during the multi-year drought emergency 2013-2016.
- Mandatory Residential Fire Sprinklers (2011) this building code adopted by California in 2010 has substantial carryover into water distribution. If the sprinkler system is NOT passive purge, the water system must require a backflow prevention device. Additionally, 5/8 and 3/4 inch services are infeasible for creating the minimum flowrate for the fire sprinkler systems, i.e. required a change to the District's specifications. Staff is regularly consulting with the fire protection service, developers and home-builders regarding compliance issues.
- New MCLs (continuous) the hexavalent chromium MCL re-adoptions is nearly complete. The state has already commenced new MCL adoption processes for PFOAs and micro-plastics. The state and federal governments have updated the Lead and Copper monitoring requirements (more monitoring and reporting) and updated the Total Coliform Rule. All of these new and updated limits have both direct and indirect impacts on staff time.
- Underground Services Assessments (USAs), even though this requirement has existed for decades, the number of person hours expended has at least tripled over the past 5-years. There is a new digital submittal requirement, and the amount of infrastructure (pipes, internet cable, road work etc. has intensified, which results in scores of USAs every week.

Conclusion:

There is no anticipated Board action consequent to this item, however, the Committee may wish to share this report with the full board with or without modifications. Members of the public have tended to assume everything associated with water service has stayed the same, which means increased rates are unwarranted.

Date: September 6, 2022

Subject: Process for Annual Performance Evaluation of GM

Contact: Timothy R. Shaw, General Manager

Recommended Committee Action:

The Executive Committee should engage in dialog regarding this item, then direct staff as appropriate.

Current Background and Justification:

Although the Board conducted a performance evaluation of the General Manager at last month's Board meeting, The scope of the evaluation at the 8-15-2022 meeting was not sufficient to constitute the annual performance evaluation.

The GM's employment agreement stipulates an annual performance evaluation and further stipulates additional actions contingent upon whether or not the Board finds the GM's performance "satisfactory".

In some of the past years, the Board has appointed an ad hoc committee to recommend Board actions regarding the performance review.

Conclusion:

The Executive Committee should egage staff and provide directions and recommendations for the next steps on conducting the annual performance review.

Date: September 6, 2022

Subject: MOU Re-Opener for COLA

Contact: Timothy R. Shaw, General Manager

Recommended Committee Action:

The Executive Committee should engage staff in discussion on the potential requirement to reopen MOU negotiations for the purpose of negotiating the Cost of Living Adjustment due for implementation at the end of November 2022.

Current Background and Justification:

The MOU renewal negotiations that were completed last February included a stipulation that negotiations could be re-opened if the October 2022 (reported in November) consumer price index was too high to enable use of the 2.5% credit the employees banked from the November 2021 Cost of Living Adjustment.

Past practice has been for the Board to appoint an ad hoc committee for MOU negotiations. Such negotiations for this circumstance would be limited to negotiating the appropriate Cost of Living adjustment for November 2022.

Conclusion:

The Committee should seek any clarifications, then if deemed necessary and appropriate, forward an item onto the September 19th agenda to enable Board consideration of an ad hoc committee appointment for Cost of Living Adjustment in November 2022.

Date: September 6, 2022

Subject: Expenditure Report

Staff Contact: Timothy R. Shaw, General Manager

Recommended Committee Action:

The Executive Committee should review the Finance Reports of the District for the month of July 2022, then forward the report onto the September 19, 2022 Board agenda with the Committee's recommendation for Board approval.

Current Background and Justification:

The financial reports are the District's balance sheet, profit and loss, and capital improvements year to date. This report provides the snapshot of the District's fiscal health for the period covered.

Conclusion:

Consistent with District policies, these financials are to be reviewed by this committee and presented to the Board of Directors to inform them of the District's current financial situation.

Subject: Financial Statements

Staff Contact: Timothy R. Shaw, General Manager

Recommended Committee Action:

The Executive Committee should review the Finance Reports of the District for the month of July 2022, then forward the report onto the September 19, 2022 Board agenda with the Committee's recommendation for Board approval.

Current Background and Justification:

The financial reports are the District's balance sheet, profit and loss, and capital improvements year to date. This report provides the snapshot of the District's fiscal health for the period covered.

Conclusion:

Consistent with District policies, these financials are to be reviewed by this committee and presented to the Board of Directors to inform them of the District's current financial situation.
